## ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The greater part of the C. N. Styles show outfit at Cambridge has been sold to Al. F. Wheeler, and will be added to the New Model shows, nearly doubling it in size for next season's tour.

Among Waitsfield people who are to erect large barns the coming season are, Wesley Tucker, 40 by 120; A. B. Tucker, 50 by 120; B. R. Bishes, 46 by 64; J. L. Sanders, E. L. Joslin, 46 by 100; S. K. Smith is making plans to erect a new house 25 by 40 next year.

Harry B. Amey of Brighton, who has been the counsel of Reuben Bronson, now in Guilford jail under indictment for murder, has withdrawn from the case, having been elected state's attorney for Essex county. The prisoner will be defended by Harland B. Howe, and the case will be tried at the coming March term of Essex county court.

A very serious accident was narrowly averted at Newport Center recently by the Eastman boy was driving George Beadle's team with a load of women across the railroad track near Kilby's mill. The express train, which was about a half an hour late and without a headlight, ran into the team, killing both horses. The occupants of the sleigh escaped injury.

An accident occurred in the J. B. Hollister marble quarry at Fowler (a post office in Pittsford) recently, in which a number of workmen narrowly escaped death. A slab of marble fell from the roof of the quarry to the floor, almost without warning. The block weighed many tons, was about one hundred feet long, twenty feet wide, and three feet thick. Fortunately only six men were in the quarry at the time and by quick work they escaped.

Services were held in the Congregational church at Greensboro January 29, the first time since the first of September, when work was begun on an addition which necessitated tearing out one end of the old building. The addition consists of a new front extending toward the street—15 feet with a wing on the north side 12x24 feet, and on the south side of the main building a tower 65 feet in height. The cost of the work when completed will be approximately \$2,500.

The Burlington & Hinesburg railroad, which has been in a state of collapse for so many months, was revived again Friday to a certain extent, when a case against it was decided in Burlington city court. The case was brought by George Nesser and was for work done for the company. Nesser being a resident near the line. The amount of damages asked for was \$63.04 and this, together with costs of \$5.63 was awarded the plaintiff. An execution was also issued. There has been no activity on this road for many months.

It appears that there was a public library in Peru as early as 1811. The editor of The Manchester Journal has a book, on the fly leaf of which is written, "Peru Library No. 37, Oct. 8th, 1811, cost 50 cents. Library meetings, the first Tuesday of January, April, July, and October. This book is presented to the Christian people of Peru by the Hampshire Missionary Society and committed to the care of the standing committee of their social library." The book is entitled "Self Knowledge" by John Mason, A. M., and was printed in Charleston, Mass., 1807.

A few days since it was reported that Fred Grant of Hardwick, a man in the employ of F. V. Hassam, had attempted suicide by swallowing a dose of blue vitrol. A physician was called to see Grant a few days since, and the man's wife said he had "taken something." Grant denied having taken anything, admitted being temporarily sick to his stomach, but declined to take any medicine. The physician who was called in doesn't place much credence in the assertion that the man took any poison with suicidal intent.

About 40 of the citizens of St. Johnsbury met Friday evening in the museum classroom in the interests of the Brightloom hospital. There is an outstanding deficit of about \$500 at the beginning of the year and this amount was practically raised by those present. F. H. Brooks, who is much interested in the hospital, read a letter offering \$5,000 from some person whose name was not given, on condition that St. Johnsbury people interested should contribute an equal amount. An effort will probably be made to raise the required amount. After the citizens' meeting a special hospital meeting was held at which the Rev. S. G. Barnes, E. M. Taft, J. T. Ritchie and R. C. Baker were elected members. The adjourned annual meeting was held after this and the following officers elected: President, Frank H. Brooks; vice-president, Edmund M. Taft; secretary and treasurer, Richard C. Baker; director to fill unexpired term of J. M. Allen, re-elected.

## RAPES AT GOTHAM.

New York, that claims pretty much everything, is claiming the double honor of being the biggest tax dodging city in the world.—Cleveland Plain Dealer.

Another investigation of New York city is threatened. This is a far-sighted provision for public entertainment during the dull season next summer.—Philadelphia Inquirer.

New York city has a debt half as large as that of the United States. This is only one particular in which New York feels as big as half the United States.—Buffalo Express.

A Good Imitation.

She—Oh, look at that scarecrow out there in the field!  
He—That isn't a scarecrow.  
She—It must be. See how motionless it is.  
He—That's a man working by the day.

## WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him? It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## Restaurant Proprietor Left Bills.

H. G. Lathrop, who for two months has been conducting a restaurant in Bennington, has been missing since Jan. 30, and several creditors are wondering where he has gone. After Lathrop had contracted debts with several persons, his goods were moved out, and taken to the station to be sent away. Two of the creditors, Mr. Bollum and E. E. Hart, discovered that he had gone, that his goods were ready to be shipped, and secured the amounts due them from a step-son residing in the village. A letter was received from Lathrop, who is at Hoosick Falls, in which he says that he will send the money to pay all his bills as soon as he becomes located in business again.

## New Deputy Marshal.

Thomas Reeves of Burlington was on Saturday appointed United States deputy marshal. The commission arrived in the morning and before the afternoon was over the new deputy had performed his first service for the government. Since Marshal Bailey received his appointment there has been no deputy in Burlington. L. A. Drew retiring when Marshal Field's term ended. All of the work done in this section has had to be performed by officials from other parts of the state. The United States court will convene in this city the last Tuesday in this month and Deputy Reeves will be on duty at that time.

Mr. Reeves retired from the office of sheriff in Chittenden county two years ago, after having been an incumbent 18 years. During his term he made an enviable reputation as an officer and gained every qualification to fill the new office to which he has just been appointed.

## State Library Commissioners.

The members of the state board of library commissioners met at the Fletcher Library, Burlington, Friday. Those present were H. K. Darling of Chelsea, Mrs. W. P. Smith of St. Johnsbury, Mrs. C. M. Buckham of Burlington, Mrs. C. M. Winslow of Brandon and E. M. Goddard of Montpelier.

It was voted to issue a quarterly bulletin, the first number to appear in March. This bulletin will contain the record of the doings of the commission, matters of general interest to librarians, and matters connected with the libraries of the state. This bulletin will be distributed to the libraries throughout the state.

The question of traveling libraries was also discussed. It is the intention of the commission to increase this feature of the work this year as much as possible. Such libraries are already instituted in many of the smaller towns. The commission will also endeavor to have towns avail themselves of the state aid and establish libraries.

## Corps of Women Soldiers in Paris.

Mme. Mathon Dugard has applied for permission to use the Galerie des Machines in Paris as a parade ground for the corps of women volunteers which she is organizing, says a Paris cable dispatch to the New York Herald. Women from nineteen to forty years of age will be enrolled. They will be armed with sword and revolver. The pretty uniform consists of a short red skirt and blue blouse with lace and frills. Top boots with tassels and a felt hat with red and blue feathers.

## Grave Trouble Unforeseen.

It needs but little foresight to tell that, when your stomach and liver are badly affected, grave trouble is ahead unless you take the proper medicine for your disease, as did Mrs. John A. Young of Clay, N. Y. She says: "I had neuralgia of the liver and stomach, my heart was weakened and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by the Red Cross Pharmacy and Parlor Drug Store, Barre, Vt., at 50c per bottle.

## "Hot Drops" Poultry Food.

Most poultry foods contain some "hot drops" concoction that temporarily warms up the fowls and perhaps induces egg-production for a brief time, but soon leaves the hens worse off than before. Eva A. Bond of East Jefferson, Maine, has evidently found a food of a different nature. Read her letter: "I have used 'Page's Perfect Poultry Food' for two years and feel satisfied it is one of the best on the market."
